Our practice is dedicated to maintaining the privacy of your individually identifiable health information (also called protected health information, or PHI). In conducting our business, we will create records regarding you and the treatment and services we provide to you. We are required by law to maintain the confidentiality of health information that identifies you. We also are required by law to provide you with this notice of our legal duties and the privacy practices that we maintain in our practice concerning your PHI. By federal and state law, we must follow the terms of the Notice of Privacy Practices that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

- How we may use and disclose your PHI,
- Your privacy rights in your PHI,
- Our obligations concerning the use and disclosure of your PHI.

The terms of this notice apply to all records containing your PHI that are created or retained by our practice. We reserve the right to revise or amend this Notice of Privacy Practices. We might use your PHI in order to write a prescription for you, or we might disclose your PHI to a pharmacy when we order a prescription for you. Many of the people who work for our practice including, but not limited to, our doctors and nurses may use or disclose your PHI in order to treat you or to assist others in your treatment. We also may use and disclose your PHI to obtain payment from third parties that may be responsible for such costs, such as family members. Also, we may use your PHI to bill you directly for services and items. We may disclose your PHI to other health care providers and entities to assist in their billing and collection efforts.

An "accounting of disclosures" is a list of certain non-routine disclosures our practice has made of your PHI for purposes not related to treatment, payment or operations. Use of your PHI as part of the routine patient care in our practice is not required to be documented for example, the doctor sharing information with the nurse; or the billing department using your information to file your insurance claim. In order to obtain an accounting of disclosures, you must submit your request in writing to contact Dr John Monhollon, Florida Integrative Medical Center, 2415 University Parkway, Suite 218 Sarasota, FL 34243, Tel: 941-955-6220 Fax: 941-955-1410. All requests for an "accounting of disclosures" must state a time period, which may not be longer than six (6) years from the date of disclosure and may not include dates before April 14, 2003. The first list you request within a 12-month period is free of charge, but our practice may charge you for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.
